LOVES HER STILL.
I scowl at hate, I growl at rats,
I'm as grouchy as a bear;
At those I sneer, at skirts I jeer,
I criticize her air,
And yet, you know, for all my howl,
My fuming and my flame—
Despite her hate, her heels, her rats,
I love her just the same.

Dumb Chills and Fever

Douglasville, Tex.—"Five years ago, I was caught in the rain at the wrong time," writes Miss Edna Rutherford of Douglasville, "and from that time, was taken with dumb chills and fevers and suffered more than I can tell. RECITAL LAST EVENING

Music Lovers Charmed With Piano and Violin Musicals

Our historic old temple devoted to the encouragement of literature and art was on last evening the fitting background for the large assemblage gathered together in the magic name of music, the occasion being a concert given by Miss Elizabeth Graham Barbour, pianist, and Signor Mario Armellini, violinist.

The program of both artists embraced selections ranging from the most classical numbers to the daintiest expressions of the romantic school. Musical maturity and technical fluency were strikingly emphasized by the youth of both artists.

Miss Barbour began the program with Chopin's Appassionata Etude, in which rendition her clear and brilliant technique at once captivated her audience. In Maysville Miss Barbour is not only an artist of wonderful attainments but also one of the best loved young ladies of the city, whose friends are always glad to show their appreciation of her and her genius.

After Signor Armellini played his first violin number, The Legend, the audience realized that the fame which had preceded his coming was more than deserved—that a master wielded the bow.

The versatility of both artists was most strikingly demonstrated throughout the evening, which was all too short for those under the spell of the music.

We feel it needless to go through the program, trying by our feeble words to give any idea of its perfection, as the many fortunate ones who heard it need no reminder, and to those so unfortunate as to miss such a treat words are inadequate to convey to them a true sense of their loss.

Maysville is most deeply indebted to her gifted daughter for the entertainment, the memory of which will not soon be effaced.

ELECTRIC POLE FALLS

Carrying With it Lineman Crosby Ramey—Second Narrow Escape Within Twelve Months

Yesterday morning about 9:30 o'clock, while removing wires from the cross-bar of a thirty-foot electric pole opposite the Magnolia Flour Mill in East Fourth street, Mr. Crosby Ramey, for the second time within a year, narrowly escaped losing his life.

The pole had rotted at the ground surface, and when Crosby—strapped and spiked to the pole—exerted himself in knocking the cross-bar loose from its fastenings, the pole swayed and fell, carrying him with it.

When he felt the pole giving away he grabbed hold of a wire and held on for dear life, which, no doubt, eased up his fall, but it was done at the sacrifice of his arm and hand, which were lacerated and burned by the wire passing through his hand as he came down.

While no bones were broken, his left leg is painfully bruised, having been caught under the pole in the fall.

He was lucky in getting off as easy as he did. As it is, he will be laid up for several weeks.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound, imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless cases of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

A WOMAN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pain in the kidneys or neuralgia, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home, at thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. SUMMERS, Box 10, South Bend, Ind.

TWO STRAIGHTS

Romine's Superb Slab Work One of the Features Yesterday

Yesterday was Ladies' Day at League Park, and quite a number of Mayaville's enthusiastic lady fans took advantage of the opportunity and saw the Mayaville team make it two straight on Winchester's strong team, defeating them by a score of 5 to 3.

Romine pitched faultless ball after the first inning, striking out seven men.

The base-running of Coleman of Winchester and McGuire of the locals was one of the features of the game.

The Mayaville boys are showing great improvement in their batting, and with their present gait maintained they will certainly have a look-in for top features in the standing column.

The following is the score and summary:

A CORROBORATION

OF INTEREST TO MAYSVILLE READERS

For months Mayaville citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Mayaville residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of indorsement? No stronger proof of merit can be had than cures that have stood the test of time. The following statement should carry conviction to the mind of every Mayaville reader:

M. C. Chisholm, 317 East Second street Mayaville, Ky., states:

"The cure Doan's Kidney Pills effected in my case some years ago has been permanent, and the public testimonial I then gave in their praise still holds good. I was bothered a great deal by too frequent passages of the kidney secretion, this being especially annoying at night, when I was obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and had taken them only a short time before I noticed a marked improvement. They soon cured me, and I have since learned of several other cases where Doan's Kidney Pills have been used with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Miss Mary Poor, daughter of Marshall and Mrs. L. D. Poor of Aberdeen, was married this week at Georgetown, O., to Mr. Harry Faulkner of Ripley.

The Grand Encampment, I. O. O. F., in session at Ashland this week, selected Middleboro as the place for holding the meeting next year.

By the opening of a river rail and water route the Erie Railroad has cut Westbound freight rates between New York and Chicago 25 cents per 100 pounds.

Adams county has received \$14,000 in fines from violators of the election laws under the recent Grand Jury probe. About \$10,000 remain unpaid under the extension of time.

The members of the High School Glee Club left this morning for Taylor's Mill, where they will picnic today. Captain Hanesman and Lieutenant Parker were mounted on spirited horses, while the members of the Club were conveyed in carriages to the beautiful and shady grove, where they will enjoy a day's outing.

Mrs. Wilson Richeson Dead

Mrs. Ida Richeson, wife of Mr. Wilson Richeson, formerly of Mayaville, died yesterday at the home of the family in Chicago. Mrs. Richeson was Miss Ida Lamphrey of Chicago and is survived by her husband and two daughters. The funeral will take place tomorrow.

Lost His Way

Robertson Advance.
George H. Frank, "Mayaville's Foremost Clothier," accompanied by a carriageful of pretty Mayaville girls, attended the dedication Sunday and all were entertained for dinner by J. R. Struve and wife. Mr. Frank got lost en route and had a drive of about thirty miles before reaching his destination. We trust that he may make his visit to Mt. Olivet more frequent, so as to become more familiar with the way.

WHAT ARE YOU DOING

For the Old People?

It may be your father, your mother, your grandfather or your grandmother who is very dear to you, but it is sad to see them lose their interest in life because their strength is fast ebbing away and they seem doomed to the weak, feeble and decrepit condition of the aged.

Now is the time for you to come to their assistance.

Call at our store and get a bottle of Vinol, our delicious cod liver and iron tonic, without oil, and see what a change it will make in your dear ones.

A case is recorded in Litchfield, Ill., of a man 72 years of age, who seemed to be getting old and feeble, suffered from indigestion and a nervous trouble. His druggist asked him to try Vinol at his risk. He did, and says he is better and feels younger than he has for fifteen years.

We wish every feeble aged person would try a bottle of Vinol, with the understanding that their money will be returned if it does not give perfect satisfaction. John C. Pecor, Druggist, Mayaville, Ky.

YOU ARE NOT SO WISE

As you might be if you still judge values by prices instead of by qualities. What you pay for flour, for instance, does not matter so much as what you get for your money. If you buy flour you'll get real value much greater. In fact, than if you paid a little less and got a great deal worse. "Get wise." Use Magnolia.

The Virginia is tonight's Pittsburgh packet.

Rivermen predict unusually low water in the river for the remainder of this month. The Ohio has been remarkably high for the past three months and there has been more coal left Pittsburgh in that time than in years before.

Federal Inspectors Clark and Kidney inspected the Keystone State at Point Pleasant and allowed the boilers 131 pounds of steam. These boilers, three in number, were built at Marietta in 1890 and have performed good service during their time. The late Captain Thomas Calhoun built the Keystone.

In 1845 the pride of every steamboat Captain was to have his boat equipped with a large and sweet sounding bell. As a matter of precaution in time of disaster in those early days nearly all of the doors and window shutters were on lifting hinges and could be detached in a moment and each would buoy up one passenger in case of accident to the boat and it is that way to this day.

It is said that the insurance on the \$150,000 fire at Carlisle Tuesday is less than \$25,000. Work of cleaning away the debris has begun and it is probable that a large portion of the burned area will be secured for the erection of a loose leaf tobacco warehouse.

Big Mortgage Filed

Attorneys for the Chesapeake and Ohio Equipment Corporation and the C. and O. Railway Company have filed with the Secretary of State at Frankfort a mortgage to the Mercantile Trust Company of New York for \$456,000, covering rolling stock to be purchased by the C. and O. Company.

Reduce the Cost of Heating

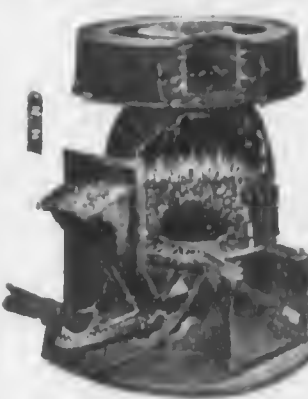

With living expenses in general climbing higher, Underfeed Warm Air Furnaces and Steam and Hot Water Boilers are reducing the cost of heating to the lowest possible notch. In thousands of American homes clean, even heat is enjoyed at least cost. The Underfeed has made this possible. There's no guess work about it.

THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Are the most economical heating plants on the market. Cheapest slack, which would smother the fire in an ordinary heater, yields as much heat as highest priced coal. The Underfeed coal-burning way is responsible for this seeming miracle of economy. Coal is pumped from below. All the fire is on top. Smoke and gases, wasted in the heaters, must pass through the flames and are consumed, being turned to practical account in heating the building. This enables Underfeed furnace and boiler users to

SAVE 5 TO 10 PER CENT OF COAL BILLS.

A Bracken county user, Mr. J. T. P. Watson, Brooksville, Ky., has this to say of his Underfeed experience:

"The Underfeed Furnace is all you claimed it to be. It is giving perfect satisfaction. 85% of coal will heat the entire house, ten rooms, for the season. The flowers in our living room have been blooming continually and look like hot-house plants."

Write today for free booklets on Underfeed Warm Air, Steam and Hot Water Heating Systems. Our representatives will be glad to call any time and make you a detailed proposition. Special inducements for those who buy now.
